ILTA Grain Inc. – Portage la Prairie, Manitoba

ILTA is pleased to announce the acquisition of it's first Manitoba site just west of Portage la Prairie Manitoba. ILTA has acquired the former Y2K facility near Bloom, Manitoba to develop into a state of the art edible bean processing facility. Installation of cleaning and processing equipment will begin shortly with a projected completion date of July, 2016. ILTA is pleased to be entering the edible bean market in Manitoba to provide options for the Manitoba grower. ILTA's customers worldwide have requested that we broaden our product base and this is a natural addition to our product line.
